633.2	Planning Applications			
	Clerk to write to Offham Parish Council			
	accepted and were in agreement that additional Anaerobic Digestion Plants should be built within other counties.	Clerk	√	
	Members were in particular concerned about the number of vehicle movements and that vehicles are not prohibited from driving through Offham, West Malling and Mereworth, there are signs on site advising that HGV drivers that they should not travel through the settlements 'unless they are collecting waste from within those settlements'; but there is a lack of enforcement should they breach this. Members were also concerned as to the very wide catchment area from which waste is			
	Following discussion, it was agreed that WMPC would request to be part of any future site meetings.			
	Receipt was noted of a letter from Offham Parish Council regarding the build of the Anaerobic Digestion Plant and the impact of the plant on neighbouring communities. Offham Parish Council expressed concerns about nuisance from flies, odours, the impact of vehicle movements on local communities and hours of construction and have written to T&MBC, KCC, EA, as well as New Earth Solutions and Bio Construct asking that the planning permission be adhered to and that the best possible build is carried out on site. A site visit (with neighbouring parish councils if they so wish) has been requested.			
633.1	Letter from Offham Parish Council			
19/633	BLAISE FARM QUARRY			
	Distribution of leaflets for delivery was agreed.

632.2	Steering group – it was agreed that a steering group be established. The following members volunteered, Mr Thompson, Mrs Dean, Mr Bullard and Ms Medhurst; Mrs Smyth had previously confirmed her interest and Mr Stapleton and Ms Stacpoole confirmed their interest following the meeting. It is hoped that after the initial meeting that members need			
	During the second part of the meeting, a representative of the owners of Arundel House will be present to outline plans for the property.			
632.1	Public meeting – a public meeting is to be held on Sunday 17 th November 2-4pm at West Malling Primary School. The meeting will commence with a presentation on the Neighbourhood Plan followed by a question and answer session. Comments and suggestions will be collated as part of the evidence gathering process.			
	It has previously been agreed that a streamlined Neighbourhood Plan be progressed.			
19/632	NEIGHBOURHOOD PLAN			
	It is anticipated that the pre-hearing will take place at some point in February / March.			
	The public consultation exercise on the documents published since January will conclude on 16 th December (<i>subsequent to the meeting it was confirmed that the consultation had been extended to 23rd December</i>). Link to consultation: https://www.tmbc.gov.uk/services/planning-and-development/planning/planning-local-plans/local-plan-examination-contents/local-plan-post-submission-consultation			
19/631	LOCAL PLAN			
	The General Election date of 12 th December was noted. Mrs Dean explained the period of purdah during which a parish council must not appear to suggest support for one particular person or party.			

WMPC noted receipt of 4 planning applications relating to Blaise Farm Quarry. It was agreed that a request for an extension of time be made to KCC and that comments would be drafted outside of Full Council and emailed to all members for comments.

Subsequent to the meeting, the following comments were submitted to Kent County Council, Planning Applications Group:

KCC/TM/0211/2019 (TM/19/02396/MIN) – Blaise Farm Quarry - Temporary development of an Anaerobic Digestion plant with ancillary gas-to-grid plant and associated infrastructure (part retrospective)

KCC/TM/0202/2019 (TM/19/02397/MIN) – Blaise Farm Quarry - Section 73 application to vary conditions 7 (documents & drawings), 19 (Combined tonnage) and 22 (HGV movements) of planning permission TM/12/2549 (AD/ATC Plant) and consequentially vary conditions 4 (surface water drainage scheme), 5 (lighting scheme), 12 (external colour treatment) & 18 (Advanced Thermal Conversion percentage inputs)

KCC/TM/0203/2019 (TM/19/02398/MIN) – Blaise Farm Quarry - Section 73 application to vary condition 13 (combined tonnage) of planning permission TM/14/532

KCC/TM/0204/2019 (TM/19/02399/MIN) – Blaise Farm Quarry - Section 73 application to vary condition 3 (documents and drawings) of planning permission TM/13/3657

West Malling Parish Council have considered the above applications and would wish to object / comment as follows:

Tonnage

These proposals request an exponential increase in the total tonnage of waste permitted to be processed on the site. The real terms increase of 86,000 tonnes is dramatic and the Parish Council has significant concerns around the impact of this increased tonnage on the local environment, including the potential generation of harmful or unpleasant odours, the effects on localised air quality and the way this may encourage flies to the area.

Traffic

The Parish Council has significant concerns about the impact of increased vehicle movements in what is an already overburdened road network. The real increase in the number of vehicle movements as detailed in the plans is for 84 additional movements Monday to Friday and 38 additional movements on Saturdays. This is a significant increase and will place great pressure on approach roads, such as the Ashton Way by-pass for those vehicles approaching from the North and King Hill for those approaching from the south. Accordingly, the number of permitted vehicle movements should be reduced.

In addition, there must be an absolute prohibition on vehicles entering West Malling, Offham and other surrounding settlements unless they are collecting waste from these areas. This must obviously be properly enforced and the Parish Council would encourage KCC to consider technological solutions such as GPS tracking to encourage compliance. KCC should also consider how vehicles movements can be incentivised to take place outside of peak hours to limit the impact on local roads during rush hours.

Catchment area

While anaerobic digestion is more environmentally sustainable means of handling waste than other methods, the catchment area of this plant will mean lorries travelling significant distances in order to deliver waste from as far afield as West Sussex and parts of East Anglia. This is not only undesirable, but also makes the operation as a whole much less sustainable owing to the extra CO2 which will be generated by such regular and long distance lorry movements. Accordingly, the proposals should be amended to limit the

	geographic area that the plant is able to accept waste from in order to limit the environmental damage of increased carbon emissions.			
19/634	SWAN STREET STREETLIGHTING			
	Recommendation from the Highways Committee that an additional streetlight be installed and funded from general reserves. Costs would be £2270 for Streetlights to install the column and an estimated £1153 for UKPN works.			
	It was agreed that an additional column should be installed, but that this was to be funded from the 2020/21 precept. Clerk to note draft budget.	Clerk	✓	
19/635	TWITCH			
	Members were asked to consider the payment of £89.00 plus VAT for a key fob to allow Malling Society members vehicular access to Douces Manor on the dates that The Twitch is open to the public. Agreed.			
19/636	KEY HOLDING / EMERGENCY CONTACTS			
	Recommendation from the Amenities Committee to consider emergency contact arrangements for the barriers at both the cricket meadow and village hall. There followed a general discussion regarding the need for out of hours access in			
	emergency situations and the possibility of the Clerk having a separate mobile phone as the point of contact in an emergency.			
	It was agreed that in an emergency situation the emergency services cut through the height barriers. A sign should be erected displaying the parish office daytime number. The Clerk detailed which hall / playing field users had a key to the barrier and this was considered satisfactory.			
	Clerk to discuss further with Community Safety Unit	Clerk		
19/637	ARRANGEMENTS FOR REMEMBRANCE SUNDAY / ARMISTICE DAY			
	Arrangements noted:			
	Sunday 10 th November: 11 o'clock service at the War Memorial, 2pm parade starting from the Bull Bridge with the service of remembrance at 2.30. Wreath laying service at the War Memorial following the service.			
	Monday 11 th November: 11 o'clock service at the War Memorial.	TD	✓
